Independent Auditors' Review Report on Consolidated Unaudited Quarterly Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

To the Board of Directors of
Goenka Diamond and Jewels Limited

1. We have reviewed the accompanying Statement of Consolidated Unaudited Financial Results ("the Statement") of Goenka Diamond and Jewels Limited ("the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group"), for the quarter ended June 30, 2019, being submitted by the Parent pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended. Attention is drawn to the fact that the consolidated figures for the corresponding quarter ended June 30, 2018 and preceding quarter ended March 31, 2019, as reported in these consolidated financial results have been approved by the Parent's Board of Directors, but have not been subjected to review.

2. This Statement, which is the responsibility of the Parent's Management and approved by the Parent's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued there-under, and other accounting principles generally accepted in India and in Compliance with regulation 33 of the Listing Regulation. Our responsibility is to issue a report on the Statement based on our review of the Statement.

3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

4. The accompanying consolidated financial results are presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 and include financial results of the following entities:

Sr. No.	Name of the Entity	Relationship
1.	M.B. Diamonds LLC	Subsidiary
2.	Goenka Diamond and Jewels DMCC	Subsidiary
3.	Solitaire Diamond Exports	Subsidiary

5. (a) The holding company has not translated following monetary items denominated in foreign currency as at the quarter ended closing rate and has been carried forward at the rate as at 31st March 2015, 31st March 2016, and / or 31st March 2017, which is not in accordance with Ind-AS -21 "The Effect of changes in Foreign Exchange Rates" and accounting policy followed by the group.

- i. Trade receivable amounting to Rs. 69703.18 lacs
- ii. Trade payables and other payable amounting to Rs. 29717.66 lacs

The Holding Company has not provided for cumulative exchange gain (net) on the above items amounting to Rs. 3779.63 lacs including exchange loss amounting to Rs. 97.62 Lacs pertaining to the quarter ended June 30, 2019. Accordingly, exchange loss for the quarter ended June 30, 2019 is understated by Rs. 97.62 Lacs. The Holding Company has not recognized deferred tax charge of Rs.25.38 lacs for the quarter ended June 30, 2019.

(b) The Holding Company has defaulted on repayment of loans taken from the banks due to which the banks have recalled their loans and have initiated legal actions. The Holding Company's management has decided not to provide interest on such loans and consequently based on the calculation done by the management total interest amounting to Rs. 11118.57 Lacs determined at estimated rates, has not been provided for in the books of accounts

including interest amounting to Rs. 718.41 Lacs pertaining to the quarter ended June 30, 2019. Accordingly, finance cost for the quarter is understated by Rs. 718.41 Lacs.

Had the exchange difference and deferred tax thereon as stated in para (a) above and interest on loans as stated in para (b) above been provided, the loss for the quarter would have been increased by Rs. 841.41 Lacs.

(c) We draw attention to Note No. 2 and 4(b) of financial results regarding default in repayment of loans and interest to banks (including ARC) owing to which the banks has classified the account as NPA and recalled its loans and has initiated various legal actions for recovery of its dues including legal action initiated under SARFESI Act, The Recovery of Debts due to Banks and Financial Institution Act, 1993 and Insolvency and Bankruptcy Code, 2016, which are still pending for hearing. In view of defaults in payment obligations by the Trade Receivables on due date, non-recoveries from Trade Receivables, non-confirmations/ reconciliation from Trade receivables, initiation of legal action/ suits against Trade Receivables by the holding company, notices/ summon from Enforcement Directorate, Reserve Bank of India, Development Commissioner of Surat SEZ and in absence of clear forward looking information regarding outcome of pending legal actions initiated and time frame and quantum of realisability of these Trade receivables, we are unable to determine the amount of expected credit loss/ impairment based on provision matrix as per the requirements of Ind-AS 109 "Financial Instruments" and its consequential impact, on the financial results.

(e) No provision for investment in an entity by way of Optionally Convertible Debentures amounting to Rs. 574.82 Lacs (including accrued interest) has been recognized as per the requirement of Ind- AS 109 "Financial Instruments". The net worth of above entity is negative and based on reasonable and supportable information regarding the current financial status and business condition of the entity, there has been significant increase in credit risk and there could be delay/default in recovery of this amount. Considering the above, we are unable to comment on the amount of impairment and its consequential impact, on the consolidated financial results.

(f) The Inventory of holding company has been taken on the basis of physical verification carried out by the management as at the quarter-end and its valuation is based on determination of estimated net realizable value and specific identification which involves technical judgment of management. We have relied upon by the physical verification and valuation of the Inventory as certified and determined by the management.

(g) Balances with Banks amounting to Rs 25.20 lacs (debit balances) and Rs. 1075.54 lacs (credit balance) at the quarter end, Trade Payables and Other Current Assets and Liabilities of Holding Company are subject to confirmations and consequential adjustment thereof.

5. Material Uncertainty related to going concern

The Group's operating results have been materially affected due to various factors including non-realization of Trade receivables, defaults in repayment of loans and interest to banks, non-availability of finance due to recall of loans by banks in consortium, legal actions/ insolvency proceedings initiated by banks against company for recovery of its dues, notices/ summon from Enforcement Directorate, Reserve Bank of India, Development Commissioner of Surat SEZ and from other regulatory authorities, pending cases with National Company Law Tribunal, Debt Recovery Tribunals and other courts for recovery of banks dues and attachment of company's properties, assignment and transfer of dues of banks in favor of an asset reconstruction company (ARC), pending income tax demands and consequent attachment of bank accounts by Income tax department, reliance on cash sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue creditors, etc. We are also unable to determine the impact of actions and forthcoming actions that may be taken by various legal and statutory authorities due to various factors mentioned herein above. These events cause significant doubts on the ability of the group to continue as a going concern. The appropriateness of the going concern assumption is dependent on the group's ability to raise adequate finance from alternative means, settlement of holding company's due from banks and ARC and or recoveries from overseas Trade Receivables to meet its short term and long term obligations as well as to establish consistent business operation. The above situation indicates that material uncertainty exist that cast significant doubt on group's ability to continue as a going concern.

Based on our review, with a exception of the matters described in para 4(c) to (g) above, where we have not been able to determine the possible effect on the financial results and financial impact of the matters described in para 4(a) and (b) above and considering the facts stated in para 5 regarding material uncertainty relating to Going Concern, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited consolidated financial results prepared in accordance with applicable accounting standards i.e. Ind-AS prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued there-under and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33

of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) including the manner in which it is to be disclosed, or that it contains any material misstatement.

6. We did not review the interim financial information / financial results of three subsidiaries included in the consolidated unaudited financial results, whose interim financial information / financial results reflect total revenues of Rs. 11.70 lakhs, total net loss after tax of Rs. 32.64 lakhs and total comprehensive income of Rs. NIL, for the quarter ended June 30, 2019, as considered in the consolidated unaudited financial results. These interim financial information / financial results have been reviewed by other auditors whose reports have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors and the procedures performed by us as stated in paragraph 3 above.

Our conclusion on the Statement is not modified in respect of the above matters.

Statement of Consolidated Unaudited Financial Results for the quarter ended June 30, 2019 prepared in compliance with the Indian Accounting Standard (Ind-AS)

- 3 The auditors in their report on financial statement for the year ended March 31, 2019 have given disclaimer of opinion on the basis of observations that the Holding Company's operating results have been materially affected due to various factors including non-realization of trade receivables, non-availability of finance due to recall of loans by banks in consortium, legal action initiated by banks against company for recovery of its dues including initiating corporate insolvency resolution process with NCLT under Insolvency and Bankruptcy Code and for attachment of company's properties, assignment and transfer of dues of two bank in favor of an asset reconstruction company, pending income tax demands and consequent attachment of bank accounts by Income tax department, reliance on cash sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue creditors, defaults in repayment of loans and interest to banks, non realization of interest on loans to subsidiary etc, which cast doubts on the ability of the Group to continue as going concern. The management is of the view that due to certain unfavourable developments and sluggish market in earlier periods, the recovery from trade receivables are slow and there is a mismatch in the cash flow resulting in default in payment to creditors, payment of statutory dues and repayment of dues to banks owing to which banks have classified the account as NPA and recalled their loans. The management is hopeful that these trade receivables shall be recovered as the holding company has initiated legal action by way of sending legal notices and filing court cases. The holding company has filed legal suits in Mumbai High Court against majority of debtors. Further, the management is taking all possible steps to revive the business operations and the holding company has earned profits during the quarter. The Holding Company has approached consortium bankers and ARC for settlement of loan dues and assumes that Holding Company will have adequate cash flow from export realisation to defray its entire debt obligation and payment to creditors in phased manner. At the same time, management is hopeful that it will be able to raise adequate finance from internal accruals and alternate means to meet its short term and long term obligations. Hence, the accounts of the Holding Company are prepared on going concern basis.
- 4 (a) Trade Receivables and Trade payables/ other payables denominated in foreign currency have not been restated based on exchange rate as at the year end. These Trade Receivables and Advances have been carried forward based on exchange rate as at the end of March 31, 2015, March 31, 2016 and / or as at end of March 31, 2017, as it is deemed prudent not to take cognizance of unrealised exchange difference on notional basis due to uncertainties with regard to expected time frame for realisation of Trade Receivables. Consequently, the payment to creditors is also dependent on recovery from these Trade receivables. The holding company shall account for the actual exchange difference at the time of realization of these trade receivables and at the time of payment to trade creditors/ other payables.
- (b) As the promoters of the Company have approached consortium banks and ARC for settlement of entire dues, envisaging part-payment of principal amount against working capital loan dues, the Board in earlier year have decided not to provide Interest on working capital borrowings availed by the Company. Accordingly, no interest liability has been provided for the financial year ended March 31, 2017, March 31, 2018, March 31, 2019 and quarter ended June 30, 2019. Further, no confirmations and/or statements have been recieved from lender banks and an asset reconstruction company (ARC) having outstanding dues amounting to Rs. 9770.13 lacs and various banks having debit balance of Rs. 25.20 Lacs & credit balance of Rs. 1075.54 at the year end. However, the management to the best of its knowledge and belief have recorded all the transactions.
- (c) Had the exchange gains/loss as referred in para 4(a) above and deferred tax assets thereupon and interest in para 4(b) above been accounted for, the loss after tax in the consolidated financials results for the quarter ended June 30, 2019 would have been increased by Rs. 841.41 Lacs.
- 5 The auditors have made observation regarding non recognition of expected credit loss on trade receivables and investment in Optionally Convertible Debentures (including accrued interest). The management is of the view that in view of court cases initiated against the trade receivables and looking to the uncertainty regarding time frame and quantum of realisation from these trade receivables, amount of expected credit loss required to be recognized cannot be estimated. The same shall be provided as and when the information regarding quantum and time frame of realisation from these trade receivables is ascertained. In respect of investment in OCD, the company assumes that the amount shall be recovered as per the terms of repayment.
- 6 Figures for the previous periods are re-classified/ re-arranged/ re-grouped wherever necessary.

5. **Material Uncertainty related to going concern**

The Company's operating results have been materially affected due to various factors including non-realization of Trade receivables, defaults in repayment of loans and interest to banks, non-availability of finance due to recall of loans by banks in consortium, legal actions/ insolvency proceedings initiated by banks against company for recovery of its dues, notices/ summon from Enforcement Directorate, Reserve Bank of India, Development Commissioner of Surat SEZ and from other regulatory authorities, pending proceeding with National Company Law Tribunal, Debt Recovery Tribunals and other courts for recovery of banks dues and attachment of company's properties, assignment and transfer of dues of banks in favor of an asset reconstruction company (ARC), pending income tax demands and consequent attachment of bank accounts by Income tax department, reliance on cash sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue creditors, non realization of loan and interest thereon from a subsidiary etc. We are also unable to determine the impact of actions and forthcoming actions that may be taken by various legal and statutory authorities due to various factors mentioned herein above. These events cause significant doubts on the ability of the company to continue as a going concern. The appropriateness of the going concern assumption is dependent on the company's ability to raise adequate finance from alternative means, settlement of its due from banks and ARC and recoveries from overseas Trade Receivables to meet its short term and long term obligations as well as to establish consistent

business operation. The above situation indicates that material uncertainty exist that cast significant doubt on company's ability to continue as a going concern.

Statement of Unaudited Standalone Financial Results for the quarter ended June 30, 2019 prepared in compliance with the Indian Accounting Standard (Ind-AS)

- 3 The auditors in their report on financial statement for the year ended March 31, 2019 have given disclaimer of opinion on the basis of observations that the Company's operating results have been materially affected due to various factors including non-realization of trade receivables, non-availability of finance due to recall of loans by banks in consortium, legal action initiated by banks against company for recovery of its dues including initiating corporate insolvency resolution process with NCLT under Insolvency and Bankruptcy Code and for attachment of company's properties, assignment and transfer of dues of two bank in favor of an asset reconstruction company, pending income tax demands and consequent attachment of bank accounts by Income tax department, reliance on cash sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue creditors, defaults in repayment of loans and interest to banks, non realization of interest on loans to subsidiary etc, which cast doubts on the ability of the Company to continue as going concern. The management is of the view that due to certain unfavourable developments and sluggish market in earlier periods, the recovery from trade receivables are slow and there is a mismatch in the cash flow resulting in default in payment to creditors, payment of statutory dues and repayment of dues to banks owing to which banks have classified the account as NPA and recalled their loans. The management is hopeful that these trade receivables shall be recovered as the company has initiated legal action by way of sending legal notices and filing court cases. The company has filed legal suits in Mumbai High Court against majority of debtors. Further, the management is taking all possible steps to revive the business operations and has earned profit during the quarter. The Company has approached consortium bankers and ARC for settlement of loan dues and assumes that Company will have adequate cash flow from export realisation to defray its entire debt obligation and payment to creditors in phased manner. At the same time, management is hopeful that it will be able to raise adequate finance from internal accruals and alternate means to meet its short term and long term obligations. Hence, the accounts of the Company are prepared on going concern basis.
- 4 (a) Trade Receivables, Trade payables/other payables and Loans and advance given to a subsidiary denominated in foreign currency have not been restated based on exchange rate as at the year end. These Trade Receivables and Advances have been carried forward based on exchange rate as at the end of March 31, 2015, March 31, 2016 and / or as at end of March 31, 2017, as it is deemed prudent not to take cognizance of unrealised exchange difference on notional basis due to uncertainties with regard to expected time frame for realisation of Trade Receivables and loans and advances to subsidiary. Consequently, the payment to creditors is also dependent on recovery from these Trade receivables. The company shall account for the actual exchange difference at the time of realization of these trade receivables, Loans and advances and at the time of payment to trade creditors/ other payables.
- (b) As the promoters of the Company have approached consortium banks and ARC for settlement of entire dues, envisaging part-payment of principal amount against working capital loan dues, the Board in earlier year have decided not to provide Interest on working capital borrowings availed by the Company. Accordingly, no interest liability has been provided for the financial year ended March 31, 2017, March 31, 2018, March 31, 2019 and quarter ended June 30, 2019. Further, no confirmations and/or statements have been received from lender banks and an asset reconstruction company (ARC) having outstanding dues amounting to Rs. 9770.13 lacs and various banks having debit balance of Rs. 25.20 Lacs & credit balance of Rs. 1075.54 at the year end. However, the management to the best of its knowledge and belief have recorded all the transactions.
- (c) Had the exchange gains/loss as referred in para 4(a) above and deferred tax assets thereupon and interest in para 4(b) above been accounted for, the profit after tax in the standalone financials results for the quarter ended June 30, 2019 would have been decreased by Rs. 847.14 Lacs.
- 5 The auditors have made observation regarding non recognition of expected credit loss on trade receivables, loan and advances (including accrued interest) given to subsidiary and investment in Optionally Convertible Debentures (including accrued interest). The management is of the view that in view of court cases initiated against the trade receivables and looking to the uncertainty regarding time frame and quantum of realisation from these trade receivables, amount of expected credit loss required to be recognized cannot be estimated. The same shall be provided as and when the information regarding quantum and time frame of realisation from these trade receivables is ascertained. With regard to loan (including accrued interest) due from subsidiary, the same is in the nature of long term loan for set up of business of the subsidiary and is part of net investment in the subsidiary. The operation of the subsidiary shall soon be revived and these loans will be recovered in near future. In respect of investment in OCD, the company assumes that the amount shall be recovered as per the terms of repayment.
- 6 With regard to auditors observation in standalone financial statement regarding non-provision for impairment against investment in subsidiaries amounting to Rs. 2.03 Lacs and Rs. 7.44 lacs, the management is of the view that the investment in subsidiary is in the nature of long term investment and the subsidiaries have substantial business value.
- 7 The company has adopted to disclose segment information only in consolidated financial results as per the requirement of Ind AS 108 "Operating Segment".
- 8 Figures for the previous periods are re-classified/ re-arranged/ re-grouped wherever necessary.
